## INFORMATION ON INDIANA'S ILEARN ASSESSMENT

ILEARN is Indiana's new online computer-adaptive assessment designed to measure your child's proficiency based on the Indiana Academic Standards. Overall student results in ILEARN are reported as four-digit scale scores. The overall scale scores for Indiana students align with the four proficiency levels (Below Proficiency, Approaching Proficiency, At Proficiency, and Above Proficiency). The report provides your family with useful information, including the following: how your child scored on the assessment, whether the scores meet state proficiency standards, and how your child's scores compare with students in his/her school, corporation, and state.

Things to consider with your child's teacher:

- ▶ What are strengths?
- ▶ What are areas of growth?
- ▶ What strategies can we use to support growth?
- ▶ What instructional materials do you recommend for my child?

Based on your child's ILEARN scale score, he/she is placed into one of the four proficiency levels: Below Proficiency, Approaching Proficiency, At Proficiency, or Above Proficiency. **Students performing At or Above Proficiency are on track for college and career readiness.**

Your child's test score can vary if the test is taken several times. His/her knowledge and skills likely fall within a score range and not just at a precise number. Scores are an estimation of your child's ability.

The comparison scores table shows how your child's scale score compares with peers at the school, corporation, and state levels.

The reporting category performance table shows your child's performance across domains within a content area. Reporting category performance is reported as Below (●), At/Near (■), or Above (▲).

Bar charts indicate how your child performed. The black bar shows your child's performance. The white bar shows the expectation by domain. The green band shows the range of performance expected over time typically associated with the assessment's small measurement error.

English/Language Arts reports include descriptions of your child's performance on the Performance Task (i.e., writing portion). If a condition code appears, your child's response could not be scored. Unscorable responses include responses that are blank, insufficient, written in a non-scorable language, off-topic, off-purpose, or illegible.
